

Provider Credentialing Rights

Right of Practitioners to be Informed of Application Status

Applicants have the right to be informed of the status of their credentialing or recredentialing application. MVP, upon direct verbal or written request from the applicant, will notify the applicant of their application's status.

Right of Practitioners to Review Information

Applicants have the right to review the information obtained from any outside primary source that is presented to the Credentials Committee in support of their credentialing and/or recredentialing application. Upon written request, MVP will make its credentialing and recredentialing criteria available to all applicants. Release of information obtained from a third party will be subject to the consent of the third party. Recommendations, letters of reference, and other peer review protected information are not subject to this disclosure. MVP also acknowledges that information obtained from the National Practitioner Data Bank or other outside entity that is not allowed to be released will not be released to the practitioner.

Right to Correct Erroneous Information Submitted by Another Party

MVP will notify the applicant of any information obtained during the credentialing and/or recredentialing process that varies substantially from the information given to MVP by the practitioner. The applicant will have seven calendar days from notification to clarify and/or correct such discrepancies.
