

COVID-19 Testing Update - November 11, 2020

MVP Health Care® (MVP) covers the cost of COVID-19 testing that has been deemed medically necessary at no cost share to the members.

MVP does not, however, reimburse for COVID-19 tests performed on an asymptomatic individual solely to assess health status as required by parties such as government/public health agencies, employers, common carrier, schools, camps, or when ordered upon the request of a member solely to facilitate the member's desire to self-assess COVID-19 immune status.

The following diagnosis codes will be denied when submitted for COVID-19 testing.

Primary Diagnosis Code	Primary Diagnosis Code Desc
Z02.0	Encounter for examination for admission to educational institution
Z02.1	Medical diagnosis of encounter for pre-employment examination
Z02.4	Encounter for examination for driving license
