Healthy NY Plan Update from MVP

MVP Health Care® (MVP) values your commitment to supporting our Members and is dedicated to keeping you informed about changes that may affect their care.

Effective October 1, 2026, medications, procedures, and supplies used to treat erectile dysfunction will require prior authorization for Members enrolled in the MVP Healthy NY Plan.

Please Note

These items and services are not covered when provided to, or prescribed for use by, a Member who is required to register as a sex offender pursuant to Article 6-C of the New York Correction Law. Prior authorization will be required to verify this status before coverage is approved.
