New York Harmonious Health
Care Plan West Participating
Provider Directory
**GUÍA PARA PROVEEDORES DE
ATENCIÓN MÉDICA**

This directory is effective as of December 11, 2024. To get the most up-to-date information about the complete MVP Health Care provider network in your area, access our online provider directory at mvphealthcare.com/findadoctor.

Non-Discrimination Notice

For MVP Commercial Plans

MVP Health Care® complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex (including sexual orientation and gender identity). MVP Health Care does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex (including sexual orientation and gender identity).

What MVP Health Care Provides

Free aids and services to people with disabilities to communicate effectively with us, such as:

- Qualified sign language interpreters
- Written information in other formats (large print, audio, accessible electronic formats, other formats)

Free language services to people whose primary language is not English, such as:

- Qualified interpreters
- Information written in other languages

If You Need These Services

If you need these services, contact Elona Charles-Wilson at **1-844-946-8009** (TTY: 1-800-662-1220).

How to File a Grievance or Complaint

If you believe that MVP has not given you these services or has treated you differently because of race, color, national origin, age, disability, or sex, you can file a grievance with MVP by:

Mail: ATTN: ELONA CHARLES-WILSON
CIVIL RIGHTS COORDINATOR
MVP HEALTH CARE
625 STATE ST
SCHENECTADY NY 12305-2111

Phone: **1-844-946-8009**
(TTY/TDD: 1-800-662-1220)

In person: 625 State Street, Schenectady, NY

Email: civilrightscoordinator@mvphealthcare.com

You can also file a civil rights complaint with the U.S. Department of Health and Human Services Office for Civil Rights by:

Online: ocrportal.hhs.gov

Mail: US DEPT OF HEALTH & HUMAN SRVS
200 INDEPENDENCE AVE SW
HHH BLDG ROOM 509F
WASHINGTON DC 20201

Phone: **1-800-368-1019**
(TTY/TTD: 1-800-537-7697)

Complaint forms are available by visiting hhs.gov/regulations and selecting *Complaints & Appeals*, then *Civil Rights: How to file a complaint*.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DPRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DP RP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DP RP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DPRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DP RP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.
 PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.
 BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.
 DPRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.
 PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRPP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DPRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DPRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.
 PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.
 BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.
 DPRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.
 PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DP RP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRPR: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DPRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRPR: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DPRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DPRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DPRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.
 PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.
 BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.
 DPRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.
 PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DPRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DP RP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRPP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.

HSRP: Heart/Stroke Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with cardiac conditions or who have had a stroke.

PPC: Physician Practice Connection awards recognition to physician practices that use up to date information/systems to enhance patient care.

BACK: Back Pain awards recognition to physicians who provide high value, patient centered care for patients with low back pain.

DPRP: Diabetes Physician Recognition Program recognizes physicians who demonstrate that they provide high quality care to patients with diabetes.

PCMH: Patient Centered Medical Home recognizes physician practices functioning as medical homes by using systematic, patient-centered and coordinated care management processes.
